

Members of the Legislative Council

3 July 2009

I wish to give my support to the Hong Kong Jockey Club's proposal to increase the number of racedays and simulcast days.

The Hong Kong Jockey Club is a good organization and uses its surplus income to assist Hong Kong people, like the Ocean Park.

I don't have problems with adding more race days and I hope they can even open the racecourse to children so that they can get close to the horses.

Yours sincerely

Law Yuk Wah
