The Secretary  
Select Committee to Inquire into Matters Relating  
to the Post-service Work of Mr LEUNG Chin-man

Fax no. 2509 0775

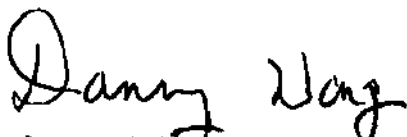

Attn: Ms Connie Szeto

Dear Madam,

**Hearing on Leung Chin Man's post retirement employment  
Witness Mrs Susan Mak's testimony**

Mrs Susan Mak claimed in hearings that she had no knowledge of the Hunghom Peninsula transaction is not tenable. She is a poor and untruthful witness. It could be speculated that when Lands Department handled the transaction, it had copied their correspondence to its policy bureau, i.e Development Bureau.

Question should be asked of Mr John Stanley Corrigan of Lands Department whether Lands Department had copied its correspondences with New World on the matter to Development Bureau (or to the then Housing, Planning and Lands Bureau). Mrs Mak's assertion may just reflect her limited knowledge of her job.
