Dear Sir *Bob,*

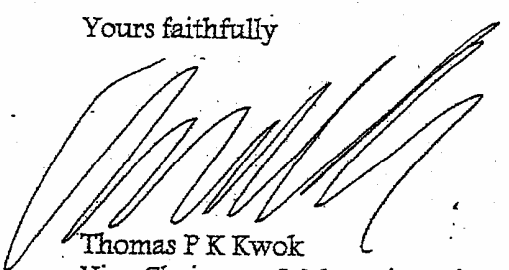

Re : Residential Development at Hung Hom Bay Reclamation KIL 11076
Waste Management for Proposed Upgrading Works

We refer to your letter dated 22 December 2004.

Your comments on the management of wastes generated in the proposed upgrading works are noted. A comprehensive programme of waste management will be proposed once the details of the upgrading works are finalized. Please rest assured that the upgrading works will comply with all existing pollution control and related environmental legislation and meet all statutory environmental standards or requirements for noise, dust and waste water, etc.

Thank you for your kind attention.

Yours faithfully

Thomas P K Kwok
Vice Chairman & Managing Director
