(BY FAX AND BY POST)

6 July 2005

Dear Mr Leung and Mr Kwok,

Hunghom Peninsula

I refer to our letter of 22 December 2004 to you and Mr Kwok's reply on 4 January 2005 regarding waste management and environmental requirements for the upgrading works of the Hunghom Peninsula development.

I understand that you have now submitted building plans for the upgrading works to the Building Authority for approval. Given the concern of the community about the issue of waste, I look forward to receiving your waste management plan at your earliest convenience. Since the buildings to be upgraded are brand new, we believe most of the materials removed in the upgrading process can be reused or recycled and the "Best Practice" approach will be adopted to aim at zero waste. As I mentioned before, my colleagues in EPD would be pleased to provide any advice on this subject. If you have any queries, please contact our Assistant Director responsible for waste reduction, Dr Ellen Chan at 2594 6034.

Yours sincerely,

(K K Kwok)

Permanent Secretary for the Environment,
Transport and Works (Environment)

Mr Stewart Leung
Executive Director
New World Development Company Limited
30th Floor, New World Tower
