(Attn: Mr Thomas Kwok - Vice Chairman & Managing Director)

(BY FAX & BY POST)  
[FAX No. 2511 5388]

Dear Mr Kwok,

Hunghom Peninsula

I refer to the recent approval of the building plans for the alteration and addition works for the Hunghom Peninsula.

As you are well aware, the environmental impact due to the construction waste generated in the abovementioned works is of particular concern from a waste reduction point of view. Indeed, the Environmental Protection Department has written several times to you urging you to adopt the best practice and to submit a comprehensive waste management plan. This is to ensure that adequate measures are undertaken to reduce the generation of construction waste requiring disposal, to manage construction waste properly as well as to reuse and recycle useful materials. We understand that you are committed to submitting the waste management plan to this department when plans for the alteration works have been finalized and approved. I believe that it is now the appropriate time to discuss the details of the waste management plan, or if one is not ready yet, to facilitate its preparation. In this connection, I would like to propose a meeting soon so that we could sit together with your working level representatives to go through the waste management plan and offer any advice you may require in this area.

The proposed arrangement is as follows:

**Date : 14 November 2005**

**Venue : Room 4609, 46/F, Revenue Tower, 5 Gloucester Road, Wanchai, Hong Kong**

**Time : 2:30 pm**

Thank you for your attention. I shall look forward to your favourable reply and nomination to attend this first meeting.

Yours faithfully,

(Ellen Chan)
