Dear Madam

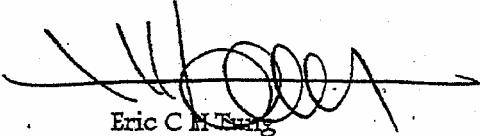

Re : Residential Development at Hung Hom Bay Reclamation KIL 11076
Waste Management Plan

Thank you for your letter dated 14 November 2005 ref : EP123/C1/1. It was indeed very useful to have met with you and your colleagues to discuss openly in an informal setting issues relating to the preparation of the waste management plan.

As explained to you in the meeting, the details of the waste management plan is contingent upon the scope of each of the stages of works. The first stage, which includes basically BD exempted works, is being carried out. The waste management plan covering the current stage of work is being prepared and will be available for your review in due course. The plan will be updated subsequently as necessary to reflect appropriately the progress of the works.

We look forward to further collaboration with you in this project.

Yours faithfully
For and on behalf of
