(Attn: Ms Angel SHEK)

Dear Ms Shek,

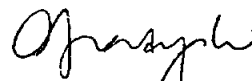

**Public Works Subcommittee
Follow-up to meeting on 3 June 2009**

**Item 4 - PWSC(2009-10)35
53RG - Sports centre and community hall in Area 101, Tin Shui Wai**

In response to the suggestion made by Members at the meeting of the Public Works Subcommittee on 3 June 2009 to maximize the use of the multi-purpose hall of the Community Hall in the above project, the Administration agreed to explore the possibility of installing movable partitions, with associated electrical and mechanical as well as sound insulation facilities, with a view to splitting the hall into smaller rooms for flexible booking and use in accordance with needs and demand; and provide a written response before the relevant meeting of the Finance Committee.

Having consulted the Architectural Services Department, we confirm that it is feasible to install manually-operated sound-insulated movable partitions, with associated electrical and mechanical facilities, to split the hall into four smaller rooms. The costs for these works will be absorbed by the contingencies under the project. We will implement the suggestion accordingly.

Yours sincerely,

(Miss Gladys Lee)
