24 February 2009

Ms Amy Yu Clerk to Panel on Administration of Justice and Legal Services Legislative Council Building 8 Jackson Road Central Hong Kong

Dear Ms Yu,

Panel on Administration of Justice and Legal Services

Information on Legal Practitioners Handling Arbitration Cases in Hong Kong

At the meeting of the Panel on Administration of Justice and Legal Services held on 20 October 2008, the Department of Justice was requested to provide information on the respective numbers of local and overseas legal practitioners handling arbitration cases in Hong Kong.

Although the Department of Justice does not keep any statistics on the nationality of arbitrators involved in arbitration cases conducted in Hong Kong, we have made enquiries with the Hong Kong International Arbitration Centre (the "HKIAC"). We understand from the HKIAC that it does not keep such statistics either.

However, HKIAC estimates that foreign arbitrators were involved in roughly 30-50% of the arbitration cases handled by the Centre. This is a rough estimate only and it should be seen in light of three important caveats.

- 2 -

Firstly, local arbitrators also serve as members in the arbitral tribunal in roughly half of the cases in which foreign arbitrators are involved. Secondly, arbitrators are not necessarily legal professionals. Thirdly, the rough estimate does not take into account arbitrators involved in *ad hoc* arbitrations (non-institutional arbitrations) and arbitrations administered by other arbitration institutions (e.g. the China International Economic and Trade Arbitration Commission (CIETAC) and the International Court of Arbitration of the International Chamber of Commerce (ICCICA)) in Hong Kong.

Yours sincerely,

(Frank Poon) Deputy Solicitor General
