8 December 2010

Dear Mr Lam,

### Issues arising from the fatal falling gate incident at the Hang Ngai Manufacturing and Hostel in Hung Hom

During the LegCo Development Panel meeting on 26 May 2009, the Administration agreed that once the judicial proceedings of the incident at the Hang Ngai Manufacturing and Hostel in Hung Hom were concluded, the Administration would provide the investigation report to Members.

The Coroner's Court had held a hearing on this case and concluded on 11 October 2010 that the cause of death was an accident. The Government had also taken prosecution action against the contractors responsible for the works, and the case was concluded on 8 December. As hearings related to the incident have been concluded, the Architectural Services Department has uploaded its investigation report today onto its website ([http://www.archsd.gov.hk/archsd\\_home01.asp?Path\\_Level=5&Status=](http://www.archsd.gov.hk/archsd_home01.asp?Path_Level=5&Status=)) for public viewing. At the same time, the Development Bureau has issued a press release which is uploaded on its website (<http://www.info.gov.hk/gia/general/201012/08/P201012080221.htm>).

Grateful if you would bring the above to Members' attention.

Yours faithfully,

  
(David Tong)  
for Secretary for Development
