Panel on Development  
Legislative Council

Attn: Ms Christina Shiu

Dear Members of the Panel on Development,

**Re: 5729CL – Disposal of Contaminated Sediment –  
Dredging, Management and Capping of Sediment Disposal Facility at Sha Chau**

Green Council supports the development of a new sediment disposal facility at Sha Chau if and only if the project does not create unnecessary adverse impacts to the environment and the stakeholders in a lawful sense. Ultimately, Green Council hope the production of waste can be reduced so as to avoid inevitable dredging activities on the sea bed.

Thank you for your attention and Green Council hope the mitigative measures will be practices during the construction.

Yours Sincerely,

Linda W P Ho  
Chief Executive Officer
