Dear Audrey,

Re: The Environmental Affairs Panel Special Meeting on October 6th

We understand that on October 6th EA Panel will hold a meeting to discuss the review of air quality objectives with deputations and government officials. As climate change is also a pressing environmental issue globally and locally, particularly before the international climate change conference in Copenhagen in December this year, we hope the HKSAR Government could reveal to Legco the release date of the Consultation Study on Climate Change and the timetable for public consultation in relation to the Study.

Therefore, I am humbly requesting this question to be raised by Members of the EA Panel in the Any Other Business session at the Special meeting on October 6th.

Thank you for your kind consideration and attention.

Truly Yours,

Dr. William Yu
