Clerk to the Panel on Economic Development
Council Business Division 1
Legislative Council Secretariat

Dear Ms Yau,

**Panel on Economic Development
Follow-up to the regular meeting on 16 December 2008**

I refer to your letter of 17 December on the captioned subject requesting information on the written submissions in respect of merger regulation received during the public consultation on the detailed proposals for a competition law. I now write to provide the requested information.

The Administration has received 176 written submissions in response to the public consultation exercise in 2008. Among them, more than 30 submissions touched on merger regulation. Some of these submissions are from individuals while others are from professional bodies, business chambers or companies of varying scale and nature, representing a wide spectrum of the community views. A simple breakdown on these respondents by categories of

individuals, organizations and enterprises in respect of the three options for the merger regulation are given at Annex. We have not sub-categorised these enterprises and organizations according to the scale of operation as requested by your letter as it is difficult to do so without a proper yardstick. For details on their views, you may wish to refer to their original submissions which are now uploaded on the website of the Commerce and Economic Development Bureau (http://www.cedb.gov.hk/citb/ehtml/pc_2008_is.html) for public consumption.

Yours sincerely,

(Wendy Chung)
for Secretary for Commerce and
Economic Development
