

**The 20th Report on the
the Work of
the Advisory Committee on
Post-service Employment of Civil Servants**

**(1 January 2008 –
31 December 2008)**

INTRODUCTION

The Government's policy on post-service outside work aims to ensure that civil servants on final leave or who have left the Government will not take up any work outside the Government (referred hereafter as "outside work") which may constitute real or potential conflict of interest with their previous government service, or cause negative public perception embarrassing the Government and undermining the image of the civil service, without at the same time unduly restricting the said individuals' right to pursue employment or other work after ceasing government service.

2. The Advisory Committee on Post-service Employment of Civil Servants (referred hereafter as "the Advisory Committee"), formerly known as the Advisory Committee on Post-retirement Employment, was established in October 1987. In addition to advising the Government on the principles and criteria to be adopted in formulating policy and arrangements to govern post-service outside work, the Advisory Committee considers and advises on applications for permission to take up outside work from directorate civil servants, irrespective of their terms of appointment or circumstances under which they leave the civil service.

3. This report informs the Chief Executive (CE) of the work of the Advisory Committee in 2008. It also outlines the recent pattern of taking up outside work by former civil servants as revealed by the applications processed in the year.

WORK OF THE ADVISORY COMMITTEE IN 2008

Key Elements of the Arrangements Governing Post-service Outside Work of Directorate Civil Servants

6. The current control regime governing the taking up of post-service outside work of directorate civil servants has evolved over time. The last review, undertaken in 2005, has led to the adoption of a new set of arrangements (referred hereafter as “new arrangement”) since 1 January 2006. The new arrangement is applicable to directorate civil servants who cease active service or enter into new agreements on or after 1 January 2006¹. For directorate civil servants who ceased active service or entered into agreements before 1 January 2006, the pre-1 January 2006 arrangements (referred hereafter as “old arrangement”) continue to apply to them. Key elements of the new arrangement, as compared with the old arrangement, are set out in **Annex B**.

¹ The new arrangement applies to directorate civil servants on pensionable/new permanent terms who cease active service on or after 1 January 2006; and directorate civil servants on agreement terms who enter into new agreements on or after 1 January 2006.

7. Briefly, under the new arrangement, all directorate civil servants, irrespective of their terms of appointments or circumstances under which they leave the civil service, need to obtain prior permission from the Secretary for the Civil Service (SCS) to take up any outside work during their final leave period before formally leaving the Government and/or within a specified control period counting from the said departure. In general, directorate civil servants are subject to a minimum sanitisation period of six months (for civil servants below Directorate Pay Scale Point 4 (D4) or equivalent) or 12 months (for civil servants at D4 or above or equivalent) counting from cessation of active government service, during which outside work is not permitted. In addition, all directorate civil servants are normally not permitted to take up outside work of a commercial nature or full-time remunerated work, other than part-time or notionally remunerated work with specified non-commercial organisations², for the whole duration of their final leave period (even if it exceeds the afore-stated minimum sanitisation period). The Government also applies a set of standard restrictions on the scope of approved outside work, which prohibits directorate civil servants from being personally involved, directly or indirectly, in the bidding for any government land, property, projects, contracts or franchises; or from undertaking work that is connected with their former government service or any sensitive information that they had access to while in government service. Where necessary, the Advisory Committee may advise, and SCS as the approving authority may impose, a longer sanitisation period and/or additional work restrictions.

Vetting Procedures and Criteria

8. The application for post-service outside work from a directorate civil servant is first scrutinised by the Permanent Secretary and/or Head of Department (HoD) of the applicant's last posting in the Government and where applicable, the Head of Grade (HoG) to which the applicant belonged

² The specified non-commercial organisations include (a) charitable, academic or other non-profit making organisations not primarily engaged in commercial operations; (b) non-commercial regional or international organisations; and (c) the Central Authorities of the People's Republic of China.

when in government service. Depending on the nature of the proposed outside work and the business nature of the prospective employer, Civil Service Bureau (CSB), where necessary, also invites views from other Permanent Secretary(ies) of the policy bureau(x) responsible for the policy area(s) into which the applicant's prospective employment and the business nature of the prospective employer fall. CSB then forwards the application, together with the assessments made by the relevant parties within the Administration, including CSB's initial views and recommendations, to the Advisory Committee for consideration and advice. The application, with the Advisory Committee's advice, is then decided on by SCS.

9. In line with the criteria promulgated by the Government, the key factors taken into account by the Advisory Committee in considering applications for permission to take up outside work are real or potential conflict of interest and public perception. The specific considerations include –

- (a) whether the applicant, while in government service, had been involved in the formulation of any policy or decisions, the effects of which directly or specifically benefited or could directly or specifically benefit his/her own business or prospective employer;
- (b) whether the applicant or his/her prospective employer might gain an unfair advantage over competitors because of the applicant's access to sensitive information while in government service;
- (c) whether the applicant, while in government service, had been involved in any contractual or legal dealings to which his/her prospective employer was a party;
- (d) whether the proposed work would have any connection with the assignments/projects and/or regulatory/enforcement duties in which the applicant had been involved while in government service;

- (e) whether the applicant's taking up of the proposed work would give rise to public suspicion of conflict of interest or other impropriety; and
- (f) whether any aspects of the proposed work would cause embarrassment to the Government or bring disgrace to the civil service.

10. For applications that the Advisory Committee supports, the Committee may, based on the specific circumstances of an application, make recommendations on the need for and duration of a sanitisation period during which the applicant will be barred from taking up the proposed outside work. Where appropriate, the Advisory Committee may also recommend the imposition of work restrictions on the scope of activities that the applicant may undertake, for instance, forbidding him/her from getting involved in dealings between the Government and his/her prospective employer on an across-the-board basis or in respect of a stated area or areas.

Applications Involving Directorate Civil Servants

11. For the period from 1 January 2008 to 31 December 2008, the Advisory Committee considered 56³ applications for post-service outside work from 33 directorate civil servants under both the old and new arrangements. Amongst the 56 applications, the Advisory Committee recommended approval of 53 applications and rejection of three applications. The decisions of SCS in respect of these 56 applications fully reflected the Advisory Committee's advice.

12. Of the 53 applications recommended for approval by the Advisory Committee (18 processed under the old arrangement and 35 under the new arrangement), the average break between cessation of active service and commencement of outside work was 15 months. In 23 of the recommended applications (17 processed under the old arrangement and six

³ The number excluded one application which was subsequently withdrawn by the applicant after consideration by the Advisory Committee and hence the application was not processed further.

under the new arrangement), the Advisory Committee considered that additional restrictions on the scope of outside work should be imposed. More details of these 56 applications advised by the Advisory Committee, including the rank of applicants when in government service, are set out in **Annex C**. Also included in this Annex is information on the work nature of employers and the functional nature of the post-service work for the 53 approved applications.

Applications Involving Non-directorate Civil Servants

13. Applications for outside work from non-directorate civil servants retired on pensionable terms are considered and decided by the relevant HoD/HoG. The Advisory Committee is presented with the summary statistics for information. In 2008, a total of 601 applications from 509 non-directorate civil servants were considered. Among them, three were rejected, 75 were approved with conditions, and the remainder were approved without sanitisation requirement or work restriction. More details of these 601 applications, including the rank of applicants when in government service, are set out in **Annex D**. Also included in this Annex is information on the work nature of employers and the functional nature of the post-service work for the 598 approved applications.

REVIEW ON POST-SERVICE OUTSIDE WORK FOR DIRECTORATE CIVIL SERVANTS

14. In August 2008, the public expressed concern over an application from Mr Leung Chin-man, a retired directorate civil servant, to take up post-service employment with a private developer. In that application, SCS, on the advice of the Advisory Committee, approved Mr Leung's application with standard and additional restrictions.

15. In response to the public concern, the CE announced on 16 August 2008 that he would set up an independent committee to review the existing policy and arrangements relating to post-service work control of directorate civil servants. On 30 September 2008, the CE announced the

terms of reference and membership of the Committee on Review of Post-service Outside Work for Directorate Civil Servants (Review Committee). The composition of and institutional support for the Advisory Committee are amongst the areas being reviewed by the Review Committee.

16. In December 2008, the Legislative Council formed a Select Committee to inquire into matters relating to the post-service work of Mr Leung Chin-man. The inquiry is still on-going.
