Subject: Suggestions to help Hong Kong People out of Thailand

Dear Legislative Counsellor,

Being one of the stranded travellers who managed to save myself from the seizure of airports, please take IMMEDIATE actions suggested below to get Hong Kong people out of Thailand:

1. check Hong Kong immigration department for departure record and check Thailand immigration department for landing record;
2. check airlines for departure record;
3. proactively call all hotels in Thailand to counter-check any remaining visitors from Hong Kong;
4. secure enough chartered flights to Hong Kong;
5. find secured places in major areas, such as Bangkok, Phuket and Pattaya to centralise all Hong Kong visitors and proactively inform Hong Kong visitors the gathering places and departure dates;
6. request Thailand Immigration Department and Airlines personnel to perform check-in in the gathering places; and
7. escort them to the airport and aboard the plane directly in order to avoid the chaotic situation in the temporary airports.

Should you need any clarification, please do not hesitate to contact me at

Yours sincerely,
Ernie Tong
