Subject: 「家庭暴力條例」

Dear Sir/Madam,

Regarding the 家庭暴力條例, I don't understand why the government is trying to cover the "homosexual family". By HK law, they are not "family" and the government intention will only be encouraging homosexual "family" to be regarded as legal. This will seriously put up a poor moral atmosphere for our next generation.

I strongly oppose to have 家庭暴力條例 covering any homosexual "family".

Thks,

Kai.
