Dear Mr Kwong,

**Bills Committee on Buildings Energy Efficiency Bill  
Invitation for submissions**

Thank you for your email dated 12 January 2010 to the Energy Efficiency and Conservation Sub-committee (EE&C Sub-committee) of the Energy Advisory Committee, inviting views from the EE&C Sub-committee on the Buildings Energy Efficiency Bill.

The EE&C Sub-committee discussed the proposed mandatory implementation of the Building Energy Codes at its meetings in January 2008, June 2008 and June 2009 respectively. The EE&C Sub-committee supported the proposal and considered that the coverage of the scheme should be clearly defined to facilitate compliance. Suitable post-qualification requirements would also be necessary to ensure the competency of registered energy assessors (formerly known as competent persons).

Yours sincerely,
