

Dear Clerk to Bills Committee on Competition Bill

Legislative Council Secretariat  
Legislative Council Complex

We are a Certified Public Accountant in HK for about 20 years .We have been using the services of HKTDC since 1996. The mission of HKTDC built Hong Kong as a trading and investment platform allow us to build much more new business from Mainland Chinese and Foreigner client. It further provide job opportunities and engine for local economic growth.

The growing business of HKTDC allow them to provide better resources and supporting to local HK business. Unfortunately, they are some foreigner competitors like "Global Sourcing ", "Kent Fair" and "Messee Frankfurt" who are target on the resources of HKTDC to grow their own business . They used to sent some sales peoples to capture most of the visitor or buyer in the entry of HKTDC's fair for their potential clients.

Since HKTDC are funded by HK government and belonging to HK public at large , the foreigner competitors are earning the resources from HKTDC, HK government and HK public citizens. As a HK citizens, we should support HKTDC exempted from the Competition Bill and better prepare to complete with those large foreigner competitor.

If you need any assistance, please feel free to contact me.

Wish you have a successful year of 2012.

Best Regard,  
Simon Cheung Chun Kwok
