Dear Ms. Lam,

Re: Bills Committee on Legal Practitioners (Amendment) Bill 2010

Thank you for your letter dated 5 March 2012 inviting us to provide the Bills Committee with our views on the subject matter.

The Administration's latest policy position in response to the Law Society's position on the Bill is noted. We have no comment on the latest amendments proposed by the Administration to the Bill. Our position as per our previous submission to the Bills Committee remains.

We should be grateful if more time would be allowed for review of any updated development if our views are required in future.

Yours sincerely,

Connie LAU
Chief Executive
