Subject: Preserve bus station at the piers to outlying islands

Dear Sirs,

I am a resident in Peng Chau. I write to express my strong request to preserve the bus stations/stops at the piers to outlying islands near the IFC. Please do not allow any proposal to relocate any of them elsewhere. We need bus services to go to Wanchai, Causeway Bay, Mad-levels, Sheung Wan, Western, etc.

If any grand new building is bound to be constructed, we should provide good bus stations/stops at its ground floor. The bus stations, taxi stands, etc., in Exchange Square are some examples.

Yours faithfully,

Kenneth Lo
