**17. Setting up an intermediary body for the effective enforcement of maintenance orders**

This item was last discussed on 13 June 2008. Some members were of the view that instead of making piecemeal changes to the existing system of enforcement of maintenance orders, the Administration should consider the establishment of an intermediary body for the collection of maintenance payments and make reference to the successful experience of Australia. These members considered that such a body could assist the maintenance payees in handling the cumbersome legal procedures in collecting maintenance payments.

indicate otherwise

At the meeting on 14 October 2008, Hon CHEUNG Kwok-che expressed concern that the issue had been outstanding for a long time and little progress had been made. He suggested that the Panel should revisit this item.

At the informal meeting between the Panel Chairman/Deputy Chairman and SHA held on 3 November 2008, the Administration maintained the view that an intermediary body per se would not bring significant benefits over and above those that could be achieved by improving the existing system through various legislative and administrative measures. The Administration did not consider that there were justifiable reasons to support the establishment of an intermediary body to help maintenance payees to collect maintenance payments.

At the informal meeting on 9 November 2009, the Administration reiterated its stance on the issue as stated in the preceding paragraph. It was agreed that subject to members' view, the items should be deleted from the list.

They considered that the NT JPs, and Special Councillors and Co-opted Councillors of HYK could not represent and protect the interests of the villagers and indigenous inhabitants of NT and requested that the HYK membership should be reviewed. Their views were referred to this Panel for consideration on 24 December 2002.

To be deleted  
unless members  
indicate otherwise

At the informal meeting on 9 November 2009, the Administration advised that in view of the presence of a standing mechanism for HAB and HYK to discuss various issues related to Heung Yee Kuk and traditional rights of indigenous village, consideration could be given to deleting both items from the list.

Members agreed that the issues involved policy consideration about the traditional rights and interests of indigenous villagers in NT, and should be referred to this Panel for follow-up. Members also suggested that HYK Councillors should be invited to attend the relevant meeting(s) of this Panel to give views when the issues were discussed.
