

**Panel on Transport**

**List of outstanding items for discussion**  
(position as at 25 November 2009)

**Proposed timing for discussion**

**1. Proposed creation of one permanent Principal Transport Officer post in the Bus and Rail Branch of Transport Department**

Proposed by the Administration. The Administration proposes to seek members' views on the proposed creation of post.

December 2009

**2. Tate's Cairn Tunnel Toll Increase Application**

Proposed by the Administration. Tate's Cairn Tunnel Company Limited submitted an application for toll increase. The Administration plans to consult the Panel in December 2009 before seeking the Executive Council's approval.

December 2009

**3. Enhancement of Professional Drivers' Health Awareness**

Proposed by the Administration. With a view to enhancing the health awareness of professional drivers, the Administration plans to launch a series of activities in the first half of 2010 to provide more health-related information to these drivers. The Administration proposes to brief the Panel on the details in January 2010.

January 2010

**4. Improving pedestrian environment**

In response to a referral from the Panel on Development, members agreed to discuss in due course the policy initiative to improve the pedestrian environment in business, shopping and leisure areas with heavy pedestrian flow. The Administration has indicated readiness to report to the Panel on the result of the consultancy study on improving pedestrian environment in January 2010.

January 2010

**Proposed timing for discussion**

**5. Establishment of an assessment system for provision of hillside escalator links and elevator systems**

Last discussed at the meeting on 22 May 2009. At the meeting, the Administration was requested to update the Panel on the finalized assessment system and the assessment outcomes in due course.

1<sup>st</sup> quarter 2010

**6. Operation of outlying island ferry services**

Proposed by Mr WONG Kwok-hing and Mr IP Wai-ming at the meeting on 14 October 2008, and by Ms Miriam LAU at the meeting on 22 May 2009. In consideration of the great difficulty in operating outlying island ferry services due to high fuel cost and shrinking island populations, the members saw a need to follow up measures to tackle the difficulties, so as to enhance the financial viability of the services while keeping fare and service levels reasonable. In particular, Ms LAU would like to follow up the measures being implemented to increase the non-fare box revenue of the ferry operators concerned, which as she understood were making little progress due to the lack of co-ordination among the bureaux and departments concerned.

1<sup>st</sup> quarter 2010

At the meeting between Duty Roster Members and 三島聯盟 on 3 March 2009, views about the policy on outlying island ferry services were expressed. The memo from the Complaints Division referring relevant issues to the Panel for consideration was issued vide LC Paper No. CB(1) 1075/08-09 on 17 March 2009.

**7. Private driving instructors' (PDI) licences**

Last discussed at the meeting on 22 May 2009. At the meeting, Ms Miriam LAU requested the Administration to examine the proposal that the present three groups of PDI licences be merged into one, which as she understood enjoyed general support from the trade. She considered that notwithstanding the transitional arrangements required to be made, the proposed merger was necessary and should be taken forward as soon as practicable to benefit the trade and the public, and urged the Administration to provide information on relevant overseas regulatory mechanisms and examine with the trade the merger proposal. In her letter to the Chairman dated

1<sup>st</sup> quarter 2010

**Proposed timing for discussion**

11 September 2009, Ms Miriam LAU proposed that the Administration be requested to report on the progress of the above requested actions to the Panel at a meeting, and that deputations from PDIs be invited to express views at the meeting. The Administration has indicated readiness to report on progress of the issue of PDI licences and outcome of research on overseas regulatory mechanisms for PDIs.

**8. Report of the effectiveness of the new arrangements under the Driving-offence Points System**

When the Road Traffic (Driving-offence Points) (Amendment) Bill 2009 was scrutinized by the relevant Bills Committee, the Administration undertook to review the effectiveness of the Bill in tackling the circumvention problem in the service of summonses issued under the Road Traffic (Driving-offence Points) Ordinance (Cap. 375) in about six months after its implementation and to report the outcome of the review to the Panel.

1<sup>st</sup> quarter 2010

**9. Provision of an advanced, automated Incident Management System in Transport Department**

Proposed by the Administration for the purpose of setting up an advanced and automated incident management system in the Transport Department (TD) which deploys advanced technologies to automate and integrate incident management processes, so as to enhance TD's capability in management of traffic and transport incidents. The Administration plans to submit funding application to the Finance Committee in the 2<sup>nd</sup>/3<sup>rd</sup> quarter of 2010.

1<sup>st</sup>/2<sup>nd</sup> quarter 2010

**10. Hong Kong-Zhuhai-Macao Bridge – Hong Kong Boundary Crossing Facilities (excluding APM)**

Proposed by the Administration. The proposed Hong Kong Boundary Crossing Facilities (HKBCF) project involves the provision of the boundary crossing facilities (BCF) for the Hong Kong-Zhuhai-Macao Bridge (HZMB) within Hong Kong territory. The Administration proposes to upgrade to Category A the part of the project concerning the reclamation to provide its required land, cargo processing facilities, passengers-related facilities, accommodation for other facilities of the HKSAR Government's departments, transport drop-off/pick-up areas,

2<sup>nd</sup> quarter 2010

**Proposed timing for discussion**

internal and connection roads, and other associated infrastructures and facilities. The construction is tentatively scheduled to commence in the 3<sup>rd</sup> quarter of 2010 for phased completion in 2015-2016.

**11. Hong Kong-Zhuhai-Macao Bridge – Hong Kong Link Road – advanced works, tender and construction consultancy for remaining works**

Proposed by the Administration. The proposed project is to construct a road link connecting the Hong Kong–Zhuhai–Macao Bridge (HZMB) from the HKSAR boundary to the Hong Kong Boundary Crossing Facilities (HKBCF) at the northeast of the Airport Island. It mainly comprises the design and construction of a dual 3-lane carriageway of about 12-kilometre long linking the main bridge to HKBCF. The construction is tentatively scheduled to commence in the 2<sup>nd</sup> quarter of 2011 for completion in the 4<sup>th</sup> quarter of 2015.

2<sup>nd</sup> quarter 2010

**12. Tuen Mun – Chek Lap Kok Link Southern Reclamation**

Proposed by the Administration. This involves the partial upgrading of the construction of the Southern Reclamation of Tuen Mun - Chek Lap Kok Link (TM-CLKL) under the TM-CLKL and the Tuen Mun Western Bypass project to Category A. The proposed works are tentatively scheduled to commence in the 3<sup>rd</sup> quarter of 2010 for completion in the 4<sup>th</sup> quarter of 2014.

2<sup>nd</sup> quarter 2010

**13. Regulation of charging taxi fares according to meters**

Following the discussion at the meeting on 22 May 2009, a special panel meeting was held on 23 September 2009 to listen to the views of the trade on regulation of charging taxi fares according to meters. A motion was passed at the meeting urging the Government to immediately commence study on the enactment of legislation for the regulation of charging taxi fares according to meters and to introduce the relevant legislative proposal to this Council as soon as possible.

To be confirmed

**14. Kowloon Southern Link (KSL) fares**

Last discussed at the meeting on 17 July 2009. At the meeting,

To be confirmed

**Proposed timing for discussion**

members expressed concern about the fares proposed for KSL, which they considered high, in particular the fares for Austin Station to/from Hung Hom and for Tuen Mun to/from Austin Station. They also considered the price at \$470 of the new "Tuen Mun – Hung Hom Monthly Pass" issued for travelling between the Tuen Mun and Hung Hom Stations after KSL opened high compared to the existing West Rail Monthly Pass and East Rail Monthly Pass sold at \$400 and \$380 respectively. The Panel subsequently passed a motion expressing strong dissatisfaction with the high level of fares for KSL and requesting MTRCL to re-examine the fares for KSL, particularly the fares for journeys from New Territories West to Tsim Sha Tsui and Hung Hom. The Administration's response to the motion was provided by the Administration and issued vide LC Paper No. CB(1)2523/08-09 on 31 August 2009. In a letter from Mr WONG Kwok-hing to the Chairman dated 28 September 2009, Mr WONG further expressed concern about platform congestion and interchange arrangements at the Hung Hom station, and requested the Panel to follow up the above matters as well as the fare issue.

**15. Sha Tin New Town, stage 2 - Trunk Road T4**

Proposed by the Administration. The Traffic and Transport Committee of Sha Tin District Council passed a motion requesting Civil Engineering and Development Department (CEDD) to put on hold the project until after the commissioning of Trunk Road T3 and Route 8. Trunk Road T3 and Route 8 Cheung Sha Wan to Sha Tin section were opened in March 2008 while the remaining section of Route 8 – Tsing Yi to Cheung Sha Wan section (i.e. the last section) will be opened in December 2009. CEDD and the concerned department will continue to examine the actual traffic flow and review the need for the project. Funding application would not be submitted in the 2009-2010 session.

To be confirmed

**16. Vehicle maintenance requirements on non-franchised bus operators**

Proposed by Mr LAU Kwong-wah. When the Panel discussed "Enhancement of the safety of long downhill roads" at the meeting on 30 June 2008, Mr LAU stressed the need to ensure the vehicle examination frequency of non-franchised bus operators was comparable to that of franchised buses. He requested the Administration to follow up the vehicle

The Administration will provide an information paper to brief members on the related matters

**Proposed timing for discussion**

maintenance requirements on non-franchised bus operators, and report back on the developments in the 2008-2009 legislative session.

**17. Safety of reversing goods vehicle**

Proposed by Mr Andrew CHENG. Last discussed at the meetings on 24 October 2006 and 25 May 2007. Mr CHENG would like to follow up progress in this regard after the two meetings.

The Administration will provide an information paper to brief members on the related matters

**18. Exemption from regulation 53(2) of the Road Traffic (Traffic Control) Regulations (Cap. 374 sub. leg. G) for vehicles used for canvassing activities**

At the Subcommittee to Study Four Items of Subsidiary Legislation under the Road Traffic Ordinance, some members of the Subcommittee considered that the Administration should take a broader view and the proposed Amendment Regulations should aim at facilitating not only the float parades to be held at the Hong Kong Disneyland but also canvassing activities during elections. The Administration was of the view that the safety requirements for standing passengers on such vehicles went beyond the ambit of the then legislative amendments, but the Administration undertook to separately examine this proposal in detail.

The Administration will provide an information paper to brief members on the related matters
