INTRODUCTION

At the meeting of the Executive Council on 8 December 2009, the Council ADVISED and the Chief Executive ORDERED that –

- A (a) the Patents Ordinance (Amendment of Schedule 1) Order 2009, at Annex A, should be made under section 153 of the Patents Ordinance;
- B (b) the Registered Designs Ordinance (Amendment of Schedule) Regulation 2009, at Annex B, should be made under section 83 of the Registered Designs Ordinance;
- C (c) the Trade Marks Ordinance (Amendment of Schedule 1) Regulation 2009, at Annex C, should be made under section 92 of the Trade Marks Ordinance; and
- D (d) the Layout-design (Topography) of Integrated Circuits (Designation of Qualifying Countries, Territories or Areas) (Amendment) Regulation 2009, at Annex D, should be made under section 24 of the Layout-design (Topography) of Integrated Circuits Ordinance,

to amend the relevant schedules to reflect the current membership position of the Paris Convention for the Protection of Industrial Property (Paris Convention) and the World Trade Organization (WTO).

JUSTIFICATIONS

2. China is a party to the Paris Convention. The Central People's Government (CPG) applied the Convention to the Hong Kong Special Administrative Region (HKSAR) with effect from 1 July 1997. Under Article 4 of the Paris Convention, the HKSAR is obliged to grant to a person who has filed an application for registration of a patent, industrial design or trade mark in a Paris Convention country a right of priority during a prescribed period for the purpose of filing the same application in the HKSAR. Separately, as a WTO member in its own right, the HKSAR is obliged to do the same in respect of an application filed in a WTO member country, territory or area, by virtue of Article 2.1 in Part I of the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS Agreement).

3. We have met the above international obligations by making provisions in the Patents Ordinance (PO), the Registered Designs Ordinance (RDO) and the Trade Marks Ordinance (TMO) to the effect that a person who has filed an application in a Paris Convention country or WTO member country, territory or area will enjoy a right of priority. In a schedule to each of the afore-mentioned Ordinances, we set out the lists of Paris Convention countries and WTO member

countries, territories or areas. The Chief Executive in Council is empowered to amend the relevant schedule to the PO by an Order published in the Gazette. In the case of the RDO and the TMO, the Chief Executive in Council may amend the relevant schedules by Regulation.

4. Separately, Article 35 in Part II of the TRIPS Agreement requires the HKSAR to grant the same level of intellectual property protection for layout-designs (topographies) of integrated circuits to citizens of other WTO member countries, territories or areas, as to HKSAR citizens. We provide the said protection to citizens of such qualifying countries, territories or areas as are designated by the Chief Executive by Regulation. In the Schedule to the Layout-design (Topography) of Integrated Circuits (Designation of Qualifying Countries, Territories or Areas) Regulation, we set out the WTO membership list.

5. The above four schedules were last updated in February 2006. Since then, three more countries (i.e. the Republic of Angola; the Kingdom of Thailand; and the Republic of Yemen) have become members of the Paris Convention and five more countries (i.e. the Republic of Cape Verde; the Kingdom of Saudi Arabia; the Kingdom of Tonga; Ukraine; and the Socialist Republic of Viet Nam) have acceded to the WTO Agreement. Separately, one Paris Convention country (namely, Serbia and Montenegro) has become two countries (i.e. the Republic of Serbia; and Montenegro). To reflect these changes, we need to amend the relevant schedules to the Ordinances/Regulation.

6. Schedule 1 to the PO contains (a) a list of Paris Convention countries; and (b) a list of WTO member countries, territories and areas (not including Paris Convention countries). As the Republic of Angola and the Kingdom of Thailand, which are existing WTO members, have become members of the Paris Convention, it is necessary to move their names from the latter list to the former. The same changes apply to the Schedule to the RDO. Amendments to the other two schedules are just straightforward additions and revisions.

7. As the Paris Convention was applied to the HKSAR by the CPG, we have sought its prior approval via the Office of the Commissioner of the Ministry of Foreign Affairs in Hong Kong before proposing the amendments relating to the list of Paris Convention countries.

8. We will also take the opportunity to revise the English name and/or Chinese translation of some countries in the various schedules to reflect their latest names as appeared in the relevant membership lists.

THE ORDER AND REGULATIONS

9. The Patents Ordinance (Amendment of Schedule 1) Order 2009 at Annex A, the Registered Designs Ordinance (Amendment of Schedule) Regulation 2009 at Annex B, the Trade Marks Ordinance (Amendment of Schedule 1) Regulation 2009 at Annex C and the Layout-design (Topography) of Integrated Circuits (Designation of Qualifying Countries, Territories or Areas) (Amendment) Regulation 2009 at Annex D update the various schedules.

10. Copies of the relevant empowering provisions in the Ordinances and the relevant schedules being amended are at Annexes E and F.

E & F

LEGISLATIVE TIMETABLE
