**List of follow-up actions arising from the discussion
at the meeting on 28 February 2012**

1. The Administration was requested to consider:
 - (a) amending new section 108(2)(d) in clause 49 of the Bill by providing concrete examples of unreasonable or unlawful conduct of the defendant after the act constituting the infringement occurred, such as destruction of evidence of infringement, attempting to conceal or disguise the infringement and persisting in the infringement in the face of a warning, in order to facilitate the court in deciding whether to award such additional damages as the justice of the case might require; and
 - (b) deleting the expression "一且" from the Chinese version of new section 252A(1)(f) in clause 72 of the Bill as it does not appear in the English version of the provision.

2. The Administration was also requested to provide a full set of Committee Stage amendments and the final draft of the Code of Practice for Online Service Providers (the Code), together with a summary of the views gathered in the public consultation on the second draft of the Code for members' consideration.
