

**Bills Committee on Chief Executive Election (Amendment) Bill 2010
and Legislative Council (Amendment) Bill 2010**

Follow up to Meeting on 20 January 2011

**Matters Concerning the Seats and
Voters of the Election Committee**

In response to Members' requests at the meeting on 20 January 2011, this paper provides the information on the matters concerning the seats and voters of the Election Committee ("EC").

Specific Allocation of the 1 200 seats

2. Proposals for the specific allocation of the 1 200 seats of the EC in 2011 are at **Annex I**.

2010 Final Register (FR) for the EC Subsectors

3. The number of voters in each of the subsectors in the 2010 FR is at **Annex II**.

Statistics on Number of Persons Engaged by Industry Section

4. Statistics on the number of persons engaged by industry section collected by the Census and Statistics Department are classified according to the Hong Kong Standard Industrial Classification ("HSIC") Version 2.0¹. It is different from the composition of the EC subsectors, and hence direct comparison is not possible. The relevant statistics are at **Annex III**.

¹ The Hong Kong Standard Industrial Classification (HSIC) Version 2.0 is based on the United Nations' International Standard Industrial Classification of All Economic Activities Revision 4.

Chinese Medicine Subsector

5. When the Chinese Medicine subsector was established in 2001, the registration system for Chinese medicine practitioners (“CMPs”) was not yet developed. The Chinese Medicine subsector was, therefore, constituted by members of ten representative bodies of CMPs, who are CMPs entitled to vote at the general meetings of the respective bodies. Such members are eligible for registration as voters in the Chinese Medicine subsector. The registration system for the CMPs under the Chinese Medicine Ordinance (Cap. 549) has been in place since 2000. There are currently about 6 000 Registered CMPs and 2 700 Listed CMPs. We propose in the Chief Executive Election (Amendment) Bill 2010 that Registered CMPs should be eligible for registration as voters in the Chinese Medicine subsector. This arrangement is in line with other professional subsectors such as the Medical subsector in which statutory qualifications are adopted for delineating the electorate. To avoid disenfranchising eligible members of the ten specified bodies from registering as voters in the Chinese Medicine subsector, we propose that eligible members of the ten bodies (including Listed CMPs) will continue to be eligible for voting in this subsector.
