Wording of the Motion

That our country’s Twelfth Five-Year Plan proposes to promote joint regional economic development, intensify exchanges and co-operation between the Mainland and Hong Kong, continue to materialize the Framework Agreement on Hong Kong/Guangdong Co-operation, and implement the Mainland and Hong Kong Closer Economic Partnership Arrangement and its seven Supplements; with the construction and completion of cross-boundary transport networks between the two places, the SAR Government must adopt a forward-looking attitude and formulate policies and measures which are conducive to promoting the development of the two places; in this connection, this Council urges the SAR Government:

- (a) to assist Hong Kong businessmen with manufacturing businesses in the Pearl River Delta Region in upgrading and restructuring;
- (b) to set up funds for promoting Hong Kong brand names, products and professional services on the Mainland market, so as to assist local small and medium enterprises in expanding into the Mainland domestic market;
- (c) to provide support to local enterprises for developing small-scale technology industries and commercializing the achievements of their scientific research;
- (d) to formulate appropriate policies to help Hong Kong businessmen on the Mainland enhance their innovation and scientific research capability, and assist enterprises in undertaking technological innovation and developing green economy in Guangdong Province;
- (e) to jointly develop Qianhai New District in Shenzhen into a ‘Hong Kong/Guangdong modern service industry innovation and co-operation exemplary zone’;

- (f) to strengthen financial co-operation and innovation by fostering on all fronts intensive co-operation between Guangdong and Hong Kong in financial markets, financial institutions and financial businesses, etc.;
- (g) to jointly promote the formulation of an exchange mechanism for developing the logistics industry, with a view to establishing an international logistics centre and building a modern economic circulation sphere;
- (h) to expand the scope of Guangdong-Hong Kong-Macao tourism co-operation; and
- (i) to introduce tax provisions for cross-border workers and encourage Hong Kong's talents who are engaged in service industries as well as scientific and technological research to work on the Mainland, so as to support the development of high-end service sectors, manufacturing industries and technologies on the Mainland,

thereby enabling Hong Kong's professional services to radiate into the entire Guangdong Province, assisting in the rapid development of the high value-added Mainland economy, and developing Guangdong and Hong Kong into a world-class urban agglomeration to grasp the new opportunities of the regional economy.
