Dear *Audrey*,

Re: Building Energy Efficiency (Registered Energy Assessors) Regulation

I am writing with regards to amendments to the Buildings Energy Efficiency (Registered Energy Assessors) Regulation.

I would like to suggest that amendments should be made to the Regulation, such that other than professional engineers, persons from other professions who have completed relevant accredited academic courses and with the relevant experience should be eligible for registration as Registered Energy Assessors.

Thank you very much for your kind attention.

Yours sincerely,

Patrick Lau
