

**Panel on Information Technology and Broadcasting**

**List of follow-up actions**

(position as at 11 October 2010)

Subject	Date of meeting	Follow-up action required	Administration's response
1. Domestic/private pirated viewing of subscription television programmes	11.7.2005	The Administration was requested to monitor the global trend of regulatory practices against pirated viewing of pay TV programmes and update the Panel where necessary.	The Administration will update the Panel on developments where necessary.
2. Implementation on Digital 21 Strategy and the e-procurement programme	11.12.2006	<p>The Administration agreed to :</p> <p>(a) consider members' suggestions that e-invoice be considered for the pilot programme to drive supplier adoption, and assess and apprise the Panel of the increase in percentage, if any, of Small and Medium Enterprises (SMEs) suppliers having Internet connection as a result of the implementation of e-procurement, and SMEs' response to and their degree of participation in the e-procurement programme; and</p> <p>(b) assess the actual benefits of the e-procurement pilot programme against the benefits listed in paragraph 12 of the Administration's paper (LC Paper No. CB(1)435/06-07(03)) and the extent to which green procurement is adopted.</p>	<p>(a) The Administration considers that the proposed scope for the pilot programme encompassing four e-procurement initiatives with an estimated non-recurrent expenditure of \$49.2 million is a prudent and pragmatic way to proceed. However, the Administration will keep in view opportunities for trying out the e-invoice function when circumstances are conducive.</p> <p>(b) The Administration will assess the actual benefits of the e-procurement pilot programme at the review stage.</p>

Subject	Date of meeting	Follow-up action required	Administration's response
			<p>With the progressive rollout of the pilot e-procurement system, the Administration has recently started a post pilot review of the programme and will update the Panel in due course on the outcome of the review, including (a), (b) and the way forward.</p>
<p>3. Issues relating to the editorial independence of Radio Television Hong Kong and the yardsticks of the Broadcasting Authority (BA) in imposing sanctions</p>	<p>12.3.2007</p>	<p>The Administration was requested to review:</p> <p>(a) the mechanism for appointing members to BA (or the new unified regulator, i.e. the Communications Authority), including the criteria for appointment and composition of membership, with a view to bringing in more talents with different backgrounds to enhance representativeness; and</p> <p>(b) the yardsticks of BA in imposing sanctions.</p>	<p>The Administration to take note and follow up.</p>
<p>4. Progress in the implementation of digital terrestrial television broadcasting in Hong Kong</p>	<p>11.6.2007</p>	<p>The Administration was requested to provide an estimate on the economic benefits arising from the analogue switch-off in due course.</p>	<p>The Administration to provide the information at a later stage when it has conducted further market and technical studies to plan for the analogue switch-off.</p>
<p>5. Capital Works Reserve Fund Head 710 Computerization Subhead A007GX – New administrative computer</p>	<p>12.11.2007</p>	<p>The Administration agreed to provide information on the present in-house IT manpower resources within the Government, and make an analysis of the present IT manpower situation in the Government in comparison with other governments and advanced countries.</p>	<p>The requisite information is not readily available in public domain. The Administration will continue to look for relevant sources and will update the Panel</p>

Subject	Date of meeting	Follow-up action required	Administration's response
systems			on the outcome if such information is available.
6. Review of the broadcasting regulatory regime	19.2.2008 10.6.2008	In the light of technological and market convergence in the electronic communications sector, the boundaries between telecommunications, broadcasting and information technology are blurring. Some old concepts adopted for the regulation of broadcasting may become obsolete in the converging environment. Just like other jurisdictions, Hong Kong needs to update the regulatory regime in the light of the latest technological and market developments to ensure that its framework remains conducive to the further development of the broadcasting industry in particular and the electronic communications industry in general.	The Administration will update the Panel on developments in due course.
7. Briefing by the Secretary for Commerce and Economic Development on relevant policy initiatives featuring in the Chief Executive's 2009-2010 Policy Address	20.10.2009	The Administration undertook to provide an update report on the progress made in providing more business opportunities for local small and medium enterprises in the information technology sector under the overall Government procurement policy and the Government Procurement Agreement under the World Trade Organization.	The Administration will continue to explore room for flexibility and provide an update to the Panel when there is new development.
8. Capital Works Reserve Fund Head 710 Computerization Subhead A007GX – New administrative computer systems	9.11.2009	The Administration was requested to consider publishing tender-related statistics and information on the website for transparency.	The Administration has published tender-related information on the Digital 21 Strategy website since mid-August 2010.

Subject	Date of meeting	Follow-up action required	Administration's response
9. Review on regulation of person-to-person telemarketing calls	9.11.2009	The Administration was requested to provide statistics on the number of local telemarketing companies/call centres in Hong Kong, and the number of local employees hired by such establishments.	The Administration has commenced the study on the employment situation in the telemarketing industry to obtain the necessary information and will report to the Panel in due course.
10. Chargeable mobile content services delivered via Short Messaging Services	11.1.2010	The Consumer Council (CC) undertook to provide an analysis of the settlement arrangements in respect of the complaints received by CC about billing disputes in connection with chargeable content services provided through Short Messaging Services.	The information provided by CC was circulated to members vide LC Paper No. CB(1)2954/09-10(01) on 30 September 2010.
11. Development of digital audio broadcasting (DAB)	8.3.2010	The Administration undertook to provide an update after the Chief Executive in Council had considered the recommendations made by the BA in relation to licensing applications for commercial DAB services.	The Administration to take note and follow up.
12. Progress report on the work of Hong Kong Design Centre	13.5.2010	The Administration undertook to provide information on the practices in overseas jurisdictions and the facilitating measures adopted to promote the development of creative industries.	The Administration to take note and follow up.
13. Promoting the development of local creative industries	13.5.2010	The Administration undertook to provide information on the follow-up action taken by the Government in relation to the consultancy study commissioned by the Home Affairs Bureau whereby a set of some 40 indicators were identified to review the adequacy and effectiveness of the existing provision of public arts education in Hong Kong, and the indicators that have been adopted/not adopted and the reasons thereof.	The Administration to take note and follow up.

Subject	Date of meeting	Follow-up action required	Administration's response
14. Progress update on E-Government development	13.5.2010	The Administration was requested to report to the Panel the findings of the study on overseas practices on e-engagement in countries such as the United States, United Kingdom, Australia and Singapore.	The study will be completed by early 2011.
15. Progress report on the pilot run of Customer Complaint Settlement Scheme	14.6.2010	<p>The Administration undertook to provide as far as practicable:</p> <p>(a) the number of telecommunications service related complaints received by the Office of Telecommunications Authority in the past three years (i.e. 2007-2009) against the three telecommunications service operators that participated in the pilot programme for the Customer Complaint Settlement Scheme;</p> <p>(b) the market share of the said three operators; and</p> <p>(c) the number of cases/complaints on billing disputes that had to resort to the court including the Small Claims Tribunal to seek resolution.</p>	The information provided by the Administration was circulated to members vide LC Paper No. CB(1)2798/09-10(01) on 1 September 2010.
16. Sponsored programme and advertising of a political nature on radio	14.6.2010	The Administration was requested to provide detailed breakdown on the number of episodes in which Legislative Council Members of different political parties had appeared as guests in the radio programmes "Hong Kong Letter" and "Letter to Hong Kong (English)" in the past three years (i.e. 2007-2009).	The information provided by the Administration was circulated to members vide LC Paper No. CB(1)2666/09-10(01) on 29 July 2010.
