## Legislative Council Secretariat

### 新聞稿 Press Release

Media representatives visited LegCo Complex

\*\*\*\*\*

The Legislative Council (LegCo) Secretariat arranged two separate tours for about 40 media representatives from 12 electronic news media organizations and 16 printed news media organizations to the LegCo Complex today (September 30) to enable them to know more about the meeting and media facilities in the Complex. During the visit, some media representatives noticed that the double-layer glass panels of the Photo Rooms of the Conference Rooms might affect their photo-taking work. The LegCo Secretariat discussed the matter with the photographers immediately in the afternoon and listened to their views. After discussion, the contractor undertook to carry out a series of measures to further enhance the situation.

Accompanied by Secretary General of the LegCo Secretariat, Ms Pauline NG Man-wah, the media representatives toured the meeting, education and media facilities in the LegCo Complex this morning, including the Chamber, Conference Rooms, Ante-Chamber, Dining Hall, Press Conference Rooms, Press Room, Library, Children Corner, Memory Lane and Education Gallery. During the tour, some media representatives noted that the double-layer glass panels of the Photo Rooms of the Conference Rooms might affect their photo-taking work. They suggested increasing the transparency of the glass panels and strengthening the lighting effect in the meeting venues.

The LegCo Secretariat has accepted the photographers' suggestions and would ask the contractor to take immediate

measures to improve the situation, including dismantling one of the two glass panels in the Photo Rooms of the Conference Rooms, removing the film covering the glass panels of the Photo Rooms of Conference Room 1 and strengthening the lighting effect in the Chamber and the Conference Rooms. The photographers believed that these measures would be able to facilitate their work. The LegCo Secretariat would ask the contractor to carry out the necessary work this weekend and invite the photographers to visit the Photo Rooms again next Monday.

Ends/Friday, 30 September 2011

Ms Pauline NG Man-wah (third from right), Secretary General of the LegCo Secretariat introduces the main entrances and the press positions in the LegCo Complex to the media representatives.

Media representatives tour around the Press Room and are briefed on the facilities provided.
