**Motion on
“Perfecting urban management in all districts of Hong Kong”
to be moved by Prof Hon Patrick LAU
at the Council meeting of 23 May 2012**

Wording of the Motion

That, given that after the dissolution of the former Urban Council and former Regional Council, the urban management strategies for all districts in Hong Kong have failed to yield satisfactory results, this Council urges the Government to strengthen the powers and functions as well as responsibilities of the District Councils, and formulate a set of comprehensive urban management policies, including:

- (a) based on the latest population projections, to plan afresh the community facilities required in the various districts, and resolve, at the district level, the site selection and timetable problems relating to the construction of schools, hospitals, public rental housing, community centres, columbaria, landfills, incinerators and recycling centres, etc.;
- (b) to implement the management concept of urban beautification, and perfect the street greening and beautification work; and
- (c) dovetailing with harbourfront planning and development, to establish a harbourfront authority for co-ordinating the connective work and management of harbourfronts in all districts of Hong Kong.
