The reports and audited accounts will be reviewed by the Secretariat of DRFAC and the Audit Commission during the annual audit of the Fund to ensure that the grant conditions have been complied with. We have received the relevant information which is summarised below for Members' information.

Drought in the Mainland

(a) Grant to Government of Guangxi Zhuang Autonomous Region

The majority of the grant of HK\$40 million was used to provide rice to drought victims in Guangxi who encountered food shortage. A total of 637 762 people were benefited and each received 15 kg of rice. A small portion of the grant was used to subsidise the repair/reconstruction of 10 water storage pools

and some 1 250 people were benefited as a result. Distribution of beneficiaries is at **Annex A**.

(b) Grant to Government of Guizhou Province

The grant of HK\$40 million was used to help out the drought victims in Guizhou who encountered food shortage. A total of 487 264 people were benefited and each received a cash subsidy ranging from RMB 50 to RMB 135 or rice/corn ranging from 15 kg to 45 kg. Distribution of beneficiaries is at **Annex B**.

(c) Grant to Government of Yunnan Province

The grant of HK\$40 million was used to provide rice to drought victims in Yunnan who encountered food shortage. A total of 731 335 people were benefited and each received 15 kg of rice. Distribution of beneficiaries is at **Annex C**.

Earthquake in Qinghai

A grant of HK\$100 million was made to the Government of Qinghai Province. The grant was used to construct a sports ground, a primary school, quarters for married teaching staff and a boiler room for three boarding schools. A total of 107 156 people were benefited. Distribution of beneficiaries is at **Annex D**.

Mudslide in Gansu

A grant of HK\$50 million was made to the Government of Gansu Province. The grant was used to provide –

- clothing, beds and mattresses to 6 500 victims;
- cooking utensils, stoves and charcoal to some 3 000 affected households;
- bricks and nylon sheets for victims to build temporary shelters; and
- setting up a social welfare centre to provide rehabilitation service for the elderly, children, homeless, and disabled persons in the disaster area.

Details of the expenditure are at **Annex E**.

All recipient government authorities expressed heartfelt thanks to people of the HKSAR for their kindness and support in rendering assistance to victims.

Grants to Relief Organisations

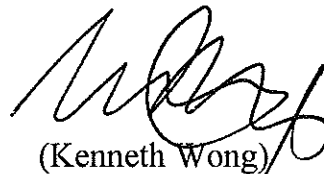

For the grants made to relief organisations for carrying out emergency relief programmes to aid victims of the drought and earthquake mentioned in paragraph 1 (i) and (ii) above, all the relief programmes were completed in compliance with the approval conditions which include, inter alia, the requirement to contain the administration cost incurred in each programme not exceeding 5% of the grant. Summaries of the relief programmes for victims of the two disasters are at **Annexes F and G** respectively.

Unallocated Balance

Of the HK\$330 million supplementary provisions made to DRF for the three disasters, HK\$138.59 million was used for the drought victims in Guangxi, Guizhou and Yunnan, HK\$113.139 million for the earthquake victims in Qinghai and \$50 million for the mudslide victims in Gansu. There was an unallocated balance of HK\$28.271 million which had been credited to DRF.

I should be grateful if you would arrange to inform Members of the above.

Yours sincerely,

(Kenneth Wong)
for Director of Administration
