Chairman,
Pharmacy and Poisons Board

22 May 2012

Explanatory Note

This Regulation adds 12 substances to Division A of Part I of the Poisons List set out in the Schedule to the Poisons List Regulations (Cap. 138 sub. leg. B) so that, among other applicable requirements, poisons containing those substances can only be sold on registered premises of an authorized seller of poisons by a registered pharmacist or in the pharmacist's presence and under the pharmacist's supervision.

**SPEECH BY
THE SECRETARY FOR FOOD AND HEALTH
AT THE LEGISLATIVE COUNCIL
ON 13 June 2012**

Pharmacy and Poisons Ordinance (Cap. 138)

**Pharmacy and Poisons (Amendment) (No.2) Regulation 2012
Poisons List (Amendment) (No.2) Regulation 2012**

Mr President,

I move that the motion under my name, as printed on the Agenda, be passed.

2. Currently, we regulate the sale and supply of pharmaceutical products through a registration and monitoring system set up in accordance with the Pharmacy and Poisons Ordinance. The Ordinance maintains a Poisons List under the Poisons List Regulations and several Schedules under the Pharmacy and Poisons Regulations. Pharmaceutical products put under different parts of the Poisons List and different Schedules are subject to different levels of control in regard to the conditions of sale and keeping of records.

3. For the protection of public health, some pharmaceutical products can only be sold in pharmacies under the supervision of registered pharmacists and in their presence. For certain pharmaceutical products, proper records of the particulars of the sale must be kept, including the date of sale, the name and address of the purchaser, the name and quantity of the medicine and the purpose for which it is required. The sale of some pharmaceutical products must be authorized by prescription from a registered medical practitioner, dentist or veterinary surgeon.

4. Arising from an application for registration of eleven pharmaceutical products, the Pharmacy and Poisons Board proposes to add the following eleven substances to Part I of the Poisons List

and the First and Third Schedules to the Pharmacy and Poisons Regulations:

- (a) Abiraterone; its salts;
- (b) Apixaban; its salts;
- (c) Asenapine; its salts; its isomers;
- (d) Belimumab;
- (e) Dexlansoprazole; its salts;
- (f) Gimeracil; its salts;
- (g) Linagliptin; its salts;
- (h) Oteracil; its salts;
- (i) Panitumumab;
- (j) Retigabine; its salts;
- (k) Rilpivirine; its salts.

Pharmaceutical products containing the above substances must then be sold in pharmacies under the supervision of registered pharmacists and in their presence, with the support of prescriptions.

5. In addition, the Board proposes to add “Domperidone; its salts” to Part I of the Poisons List. Pharmaceutical products containing the above substance must also be sold in pharmacies under the supervision of registered pharmacists and in their presence.

6. For amendment regulations concerning the adding of eleven substances to Part I of the Poisons List and the First and Third Schedules to the Pharmacy and Poisons Regulations, we propose them to take immediate effect upon gazettal on 15 June 2012, to allow early control and sale of the relevant medicine. For amendment regulation concerning the adding of “ Domperidone; its salts” to Part I of the Poisons List, we propose it to take effect on the expiry of 2 months beginning on the day on which such Regulation is gazetted.

7. The two Amendment Regulations are made by the Pharmacy and Poisons Board, which is a statutory authority

established under the Ordinance to regulate pharmaceutical products. The Board comprises members engaged in the pharmacy, medical and academic professions. The Board considers the proposed amendments necessary in view of the potency, toxicity and potential side effects of the medicine concerned.

8. With these remarks, Mr President, I move the motion.
