**Motion on**  
**“Reforming governance philosophy, resolving deep-rooted conflicts**  
**in society and alleviating the disparity between the rich and the poor”**  
**to be moved by Hon Frederick FUNG**  
**at the Council meeting of 7 December 2011**

**Wording of the Motion**

That, given that the worsening of deep-rooted conflicts in society, the persistently low popularity of the Government and the numerous blunders in policy implementation all highlight that the existing political system and even social and economic policies, etc. lag far behind the prevailing circumstances, and there is a huge gap between the authorities’ governance philosophy and people’s expectations; and as a change of government is approaching and the Chief Executive Election is near, this Council urges all social sectors to abandon partisan or political biases, explore in depth and rationally the success, failure, gains and losses of past government policy implementation, reposition the roles and functions of the new government in the future, reform governance philosophy, establish a set of principles of development for all people that give consideration to all social strata, formulate comprehensive and fair social and economic policies, and set up a democratic and open political system, with a view to completely resolving deep-rooted conflicts in society, alleviating the disparity between the rich and the poor, and building a truly stable, harmonious and just society.
