Presentation of views

The Chairman welcomed representatives of the Administration and deputations to the meeting. He reminded the deputations that their views presented at the meeting and their written submissions, if any, would not be covered by the protection and immunity provided under the Legislative Council (Powers and Privileges) Ordinance (Cap. 382).

2. At the invitation of the Chairman, 11 organizations and individual as listed below presented their views on L.N. 58 to L.N. 63 (the amendment regulations/rules):

- (a) Government Flying Service Aircraft Technicians Union
- (b) Mr KWONG Koon-wan, Islands District Council member
- (c) Discipline Services Consultative Council (Staff Side)
- (d) Government Disciplined Services General Union
- (e) Hong Kong Traffic Wardens Union
- (f) Mutual Rights Organization
- (g) Hong Kong Fire Services Department Staffs General Association
- (h) Government Flying Service Pilots Union
- (i) Hong Kong Fire Services Officers Association
- (j) Correctional Services Officers' Association
- (k) Hong Kong Fire Services Department Ambulancemen's Union

(Post-meeting Note: The submissions from two organizations not attending the meeting, namely the Association of Customs & Excise Service Officers and Hong Kong Correctional Services General Union, were tabled at the meeting and issued to members vide LC Paper No. CB(1)2013/11-12 dated 28 May 2012.)

3. The Subcommittee deliberated (Index of proceedings attached at **Appendix**).

Admin Follow-up actions to be taken by the Administration

4. The Administration was requested to provide:

- (a) the number of disciplinary cases in which the accused had been denied legal representation and the reasons for such denial; and
- (b) the number of cases in (a) above in which the punishment imposed on the accused was dismissal, compulsory retirement or reduction in rank.

5. Regarding the overall timeframe for handling disciplinary cases, the Administration was asked to follow up a member's suggestion of issuing written guidelines on the timeframe for completing each stage of disciplinary proceedings, namely investigation, disciplinary hearings, imposition of punishments and appeals against disciplinary decisions.

6. The Administration was requested to introduce amendments to L.N. 58, 59, 60, 61, 62 and 63 to the effect that if the possible punishment to be faced by the accused was dismissal, compulsory retirement or reduction in rank, then the accused was entitled to be legally represented at disciplinary hearings. The effect of the proposed amendment was that if his application for legal representation was refused, the accused might assume that the punishment to be imposed on him would not be dismissal, compulsory retirement or reduction in rank.

7. It was noted that under the current practice of the Correctional Services Department and the Customs and Excise Department, the adjudicating officer/tribunal, instead of a senior officer in headquarters, was empowered to decide on the defaulters' application for legal representation at disciplinary hearings. The Police, the Fire Services Department and the Government Flying Service were requested to consider and revert to the Subcommittee whether they could adopt the same practice; and if not, the reasons.

8. Noting that unlike the rest of the civil service, junior police officers (JPOs) and staff of the Traffic Warden grade were currently not subject to "deferment or stoppage of increment" as a possible form of punishment in disciplinary cases, the Subcommittee asked the Administration to advise whether there had been any policy considerations underlying the current arrangement for JPOs and the Traffic Warden grade.

9. Regarding the disciplinary proceedings involving disciplined services staff and staff of the Traffic Warden grade in the relevant disciplined services departments (DSDs), the Administration was requested to inform the Subcommittee of the measures, if any, to enhance the transparency of such disciplinary proceedings, in particular ways to enable the staff to understand the factors taken into consideration in deciding whether to approve applications for legal and other forms of representation (including representation by a "friend") at disciplinary hearings; the criteria adopted by the DSDs in interpreting such factors; and how the result of each application for legal representation and the outcomes of disciplinary proceedings were communicated to the accused.

10. Noting that according to the Administration, it would proceed to the next stage of review of disciplined services legislation upon completion of the current legislative amendment exercise, the Subcommittee asked the Administration to provide:

- (a) information on the subjects that would be included in the review; and
- (b) the time-frame for taking forward the review (such as staff consultation and legislative timetable).

II Any other business

11. Members noted that the motion to extend the scrutiny period of the six items of subsidiary legislation (the motion) could not be dealt with at the Council meeting of 23 May 2012.

(Post-meeting note: The motion was subsequently included on the agenda of the Council meeting of 30 May 2012. However, the motion could not be dealt with owing to the heavy agenda for the meeting. The 28-day negative vetting period expired under section 34(2) of the Interpretation and General Clauses Ordinance (Cap. 1) without being extended.)

12. Members noted that the Secretariat had reserved certain time-slots for holding meetings. The Chairman asked the Secretariat to invite members to indicate their availability for the proposed meetings, and he would decide on the dates of subsequent meetings based on members' return. Dr Margaret NG requested to put on record her dissatisfaction that the series of meetings of the Subcommittee to study the proposed legislative amendments relating to the re-organization of the Government Secretariat had taken up much of the time of Members. As a result, Members had very little time left to deal with matters relating to the work of the current-term Government.

(Post-meeting note: Members were invited to indicate their availability for meetings at the time-slots set out in a circular (issued vide LC Paper No. CB(1)2015/11-12 dated 26 May 2012). Based on members' return, the Chairman directed that the next meeting would be held on 30 May 2012 at 8:30 am.)

13. There being no other business, the meeting ended at 12:29 pm.
