**5. Review of the governance of the Hong Kong Export Credit Insurance Corporation**

The Public Accounts Committee (PAC) Report No. 56 was tabled in the Council on 6 July 2011. One of the chapters in the Report is on the Hong Kong Export Credit Insurance Corporation (ECIC). As the ECIC was established in 1966, PAC is concerned that the governance structure of ECIC as prescribed by the ECIC Ordinance may not be in line with modern-day practices and requirements. Noting that the Commerce and Economic Development Bureau does not micro-manage the daily operations of the ECIC, PAC considers it all the more important for the Advisory Board to play the role of a governing board to monitor the work and performance of the ECIC as well as to oversee its governance. In this connection, the Secretary for Commerce and Economic Development undertook to conduct a review of the governance of the ECIC and report the outcome to the Panel before the end of 2011. 20 December 2011
