

**Panel on Security**

**Proposal to appoint a subcommittee to review intelligence management of law enforcement agencies**

**Terms of reference, work plan and time frame  
proposed by Hon James TO**

Proposed terms of reference

To study issues relating to intelligence management of law enforcement agencies, and to make recommendations to the Panel where necessary.

Proposed work plan

The Subcommittee will focus its work on the following major issues -

- (a) input of information into the intelligence database, keeping of, access to and retrieval of information from the intelligence database;
- (b) destruction of information in the intelligence database; and
- (c) security measures regarding access to, retrieval and disclosure of information from the intelligence database.

Proposed time frame

The Subcommittee will complete its work before the end of the current term and report to the Panel.
