Dear Sirs

I am writing to give you a strong objection of the cross-boundary scheme,i have more than 10 years driving experience in mainland,I drove through the border almost everyday untill today I feel scare when I met the mainland people on the road,because of the bad driving behavior you can find the vehicle come from the opposite direction on the road,they stop on the highway without any notification they talking on the phone>>>> I can't list all,please consider the safety of our people,kids,and the road safety we established.PLEASE CONSIDER PLEASE STOP!!

Best Regards

Ringo Yau
