

Comments on Elderly and qualified persons with disabilities concessionary public transport fares scheme by Southern Democratic Alliance

Date: 16 May 2012

To: Mr. Cheung Kwok-che,
Chairman of Panel on Welfare Services,
Hong Kong Legislative Council

Dear Sir,

Southern Democratic Alliance Hong Kong pays much attention to the situations of elderly and disabled people in the city.

We think that it is good for the Hong Kong Legislative Council to support the Elderly and qualified persons with disabilities concessionary public transport fares scheme by Southern Democratic Alliance. However, it is not enough.

We think that the persons who take care to the elderly and disable people should be helped. They should also enjoy public transport fares concessions when they go out with the elderly and disable people who they take care.

Please consider our suggestions. Please call me for further information.

Yours truly,

Limbu Saran Kumar
Chairman
Southern Democratic Alliance Hong Kong
