West Kowloon Reclamation Concept Plan Competition  
Declarations of Interest

Thank you for your helpful comments and advice.

2. I mentioned in my memo of 18 October that the considerations therein had been also put to the Professional Advisor to the competition for his advice in the light of his experience of how such matters have been handled in similar international competitions. He has advised as follows –

*“I think it is not an imposition on Technical Panel members, Jury members, or anyone officially connected with the competition to declare whether or not their association with a contestant or a business represents a conflict of interest, either real or implied. I would be happy to review such cases on an individual basis if your group feels it would be helpful. Normally, all Jurors and Technical Panel members are expected to sign a binding agreement of confidentiality and conflict of interest notification, such as the one you have developed.”*

3. We shall extend the proposed declaration arrangements to the Jury and the Professional Advisor in addition to the Technical Panel. They will then apply to everyone participating in the decision-making at both the technical assessment and adjudication stages of the competition. I attach the finalised version of the declaration to be made by members of the Technical Panel.

4. We prefer to proceed initially on the basis of a declaration to the best of the declarant's knowledge. Accordingly, we consider that it is unnecessary to ask entrants for consent to waive the confidentiality provisions so that declarations can be made with knowledge of entrants' identities. We will however consider your suggestion that there should be a further opportunity (for all those who have completed the initial “best of my knowledge” declaration), to declare any conflicts of interest in the light of the identities of the winning entries, before they are announced. We agree that this would help to safeguard the integrity of the competition.
