Re: Jury report
Page: 1

Dear Mr. Eric Johnson,

Thanks for your recent message concerning the Jury Report on the West Kowloon Reclamation Concept Plan Competition, which reached me yesterday evening on my return to Beijing. So far as you know it is now the holiday of university and I have been out of Beijing for several days. I have to say sorry for this late replying.

After carefully studying the draft Jury Report that you forwarded to me, I find it is an excellent work. It accurately reflects the thoughts of the Jury with rational organization and explicit expressions. Personally, I have no more comments on it and hope that it will be published soon to the public in the future.

With warmest regards

Sincerely Yours

Wu Liangyong
