

**Founded in 2013, PWA is a non-profit charitable organization. As a volunteer organization for Pakistani women, we support by providing various educational, social and legal benefits for our members.**

**PWA has been established to help and build our Pakistani sisters for a better future, not only for themselves but so as to also build better families. PWA believes it is important for our sisters to become independent individuals in today's fast competing society. Our aim is to educate our sisters and involve them in talks about current issues to maintain their awareness. We also aim in helping our sisters in need realize their legal rights and help carve a pathway to attain them. We hope to bring comfort for sisters who have newly migrated to Hong Kong to help them cope with culture shock if any. We also aim in helping such sisters build a network of friends to help ease their move and to help businesses grow. We not only target Pakistani women but we also aim at providing services and help for the kids for our sisters. We believe it is important for the new generation to be aware of our culture and to help ease any conflicts that may be brought upon due to challenges being raised in different cultures as occurring in Hong Kong. We aim to do so by providing sport activities, talks and summer classes in a safe environment.**

**PWA provides various activities such as classes (teaching sewing, parlor work, cooking, sports training etc), talks (about health, Islam, family related issues and news), travel (day tours to various scenic parts of Hong Kong), events (fund-raisers and carnivals) and aid in commencing businesses to help members become independent and support themselves.**
