Dear Ms Leung,

**Supplementary information on
Support services for ethnic minorities**

Support services for ethnic minorities provided by the Home Affairs Department was discussed at the Home Affairs Panel meeting on 12 July 2013. Members requested the Administration to provide supplementary information after the meeting. The requested information is as follows-

1. Radio programmes to promote racial harmony to local Chinese

2. The Home Affairs Department (HAD) has collaborated with the media to produce radio programmes to disseminate the message of racial harmony among local Chinese. Please refer to **Annex 1** for detailed information.

II. Statistics on the employment situation and salary level of EMs

3. Based on the 2011 population census, the Census and Statistics Department has compiled a set of statistics on the employment situation and salary level of EMs at **Annex 2**. As members were concerned about the employment situation of EMs from six South Asian and Southeast Asian origins (i.e. Indian, Pakistani, Nepalese, Indonesian, Thai and Filipino) respectively excluding foreign domestic helpers, the statistics are confined to these EMs. The statistics of the whole Hong Kong population are also provided for ease of comparison.

Yours sincerely,

(K Y CHENG)

for Director of Home Affairs

Radio programmes to promote racial harmony to local Chinese

The Home Affairs Department (HAD) has collaborated with the media to produce radio programmes to disseminate the message of racial harmony among local Chinese. These radio programmes include –

- (a) In February and March 2012, two hosts of the Commercial Radio's radio programme "On a Clear Day" ("在晴朗的一天出發") visited social enterprises (SEs) employing ethnic minorities (EMs) in the territory, including the Hong Kong Translingual Services and the Bread Bunch Bakery. The interviews were dynamic and interactive featuring EMs working in SEs, mutual help between fellow workers and how EMs made use of their skills and abilities; and
- (b) A six-episode special Commercial Radio's programme titled "Cultural Village of Ethnic Minorities" ("少數族裔文化村") was broadcast from February to March 2013, with the host interviewing representatives from the support service centres for EMs and some EMs, introducing festivals, cross-cultural communication, eating culture and social etiquette of different ethnic groups, and inviting EMs to share their successful integration into the community.

2. Through these programmes, HAD aims to enhance the awareness and understanding of the general public towards EMs for the promotion of racial harmony. A gist of the contents of the two programmes is at Appendices 1 and 2 respectively.

3. HAD will continue to collaborate with the media and other government departments to disseminate the message of racial harmony to facilitate the early integration of EMs into the community.
