20 May 2013

Office of the Communications Authority  
29/F, Wu Chung House  
213 Queen's Road East  
Wanchai  
Hong Kong  
Attn.: Mr Danny Lau – Deputy Director-General (Telecommunications)

Dear Danny,

**Consultancy Study in relation to the Impacts on Service Quality and Customers of Adopting a Hybrid between Administratively-assigned and Market based approach in Re-assigning the Spectrum in the 1.9 - 2.2GHz Band**

Further to the stakeholder interviews held on 14 and 15 May 2013, we write to request that OFCA hold in conjunction with Network Strategies Limited a round table meeting or workshop for operators and other interested stakeholders. The purpose of this meeting or workshop is to exchange comments and discuss the proposals for the methodology and the model which the consultant will need to finalize and agree with the stakeholders before the data which has been requested by them can be utilized. This meeting or workshop needs to be held as soon as possible to determine if a robust and suitable methodology and model can be agreed upon.

We look forward to hearing from you with the details of the meeting or workshop assuming you concur with our request.

Yours sincerely,

cc Miss Eliza LEE, Director-General of Communications  
Miss Susie HO, Permanent Secretary for Commerce and Economic Development  
(Communications and Technology)  
Ms YUE Tin-po, Chief Council Secretary, Legislative Council Panel on Information  
Technology and Broadcasting (for distribution to the Panel members)
