Subject: To urge HK government proper supervision of dbc management to  
resume dbc broadcasting ASAP

Dear Sirs,

I am a HK citizen / tax -payer and interest to listen dbc radio programmes daily .  
The current dbc boardcasting suspension is disappointing & not the benefit of  
HK citizens by decreasing their choice of selection .  
The captioned demand is hereby requested for your prompt action for benefit of  
HK citizens.

Yours sincerely,

Mr Smart Cheng
