Subject: DBC questions for meeting on Sat.

Dear 張芷婷小姐,

I would not attend the meeting on 24th Nov for issue of DBC. But may I ask few questions as below

Can government start the investigation of DBC? DBC cannot stop without reason. Government've issued the licence and should have role to monitor them.

If government cannot start the investigation, please give public reasonable explanation. We cannot stand government no role and doing nothing for it.

Regards,

Matthew Lee
