Dear 張芷婷小姐 ,

Your staff<lady> has just phoned me to write my comments/opinions to replace those e-mails I sent 20-November, 2012 .

This is not a template letter .

I am local born Hong Kong citizen . I am an audience of dbc . Many elders and minority nationalities are audiences of dbc .

It is 99.99%political suppression to stop broadcasting and not commercial disputes among shareowners . The government with none citizens' support talk nonsense and publish gibberish as usual , I do not give a bit any trust .

I sent my comments to the relevant government authorities but received bureaucratic stereotype note or monotonous printout from Commerce and Economic Development of Hong Kong , Office of the ombudsman , Hong Kong(Ms Ma) , and Ofca(Mr. Kevin HY CHAN) .

Your committee must take serious action to have a impartial public conference to settle the case properly that would lead to retrieve broadcasting of dbc .

Thank you for your kind attention .

Yours Sincerely ,

John So
