Community Psychiatric Services(CPS) for SMI (社區精神科服務)

3-Tier Service Model

HA 24-hour Mental Health Direct (精神健康專線) – 2466 7350

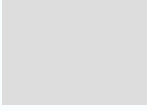

Advisory Service (諮詢服務) (Territory-wide service)

- 24-hour service supported by professional nurses for general enquiry related to mental health services

Telecare Service (電話關顧服務)

- Telephone support to relatively stable SMI patients to facilitate community re-integration

Other Community Mental Health Support Services

Medical Social Service (醫務社會服務) provided by the Social Welfare Department

- to facilitate the discharge and rehabilitation plan through the provision of appropriate services including counseling, welfare assistance and referral for rehabilitation services.
- to perform statutory duties arising from Mental Health Ordinance, Protection of Children and Juveniles Ordinance, etc.

Integrated Community Centre for Mental Wellness (精神健康綜合社區中心) provided by Non-governmental Organizations

- to provide one-stop, district-based and timely mental health support services range from prevention to crisis management.

Collaboration Platforms Between Medical and Social Sectors (醫社協作平台)

3-tier Communication Channel
