**Proposed resolution under the Motor Vehicles (First Registration Tax)
Ordinance (section 5(4) of Cap. 330)**

President,

I move that the motion under my name, as printed on the Agenda, be passed.

Electric vehicles have no tailpipe emissions. Replacing conventional vehicles with electric vehicles can help improve roadside air quality and reduce greenhouse gas emissions. To promote the use of electric vehicles, the Government has exempted them from first registration tax since 1994. The exemption will expire at the end of this March.

President, I move the motion to extend the first registration tax exemption for electric vehicles for another three years up to 31 March 2017 to continue the promotion of electric vehicles. Thank you.
