TIMBER STORES (AMENDMENT) REGULATION 2014

INTRODUCTION

Section 29A of the Interpretation and General Clauses Ordinance (Cap. 1) empowers the Financial Secretary (which means also the Secretary for Financial Services and the Treasury by virtue of section 3 of Cap. 1) to vary fees which have previously been set by subsidiary legislation made by the Chief Executive in Council.

2. In exercise of this power, the Secretary for Financial Services and the Treasury has made the Amendment Regulations, as set out at **Annexes A to D**, to revise the fees specified in the following subsidiary legislation –

- (a) Fire Service (Installation Contractors) Regulations (Cap. 95 sub. leg. A) made pursuant to the Fire Services Ordinance (Cap. 95) (the relevant Amendment Regulation at **Annex A**);

- (b) Fire Services Department (Reports and Certificates) Regulations (Cap. 95 sub. leg. C) made pursuant to the Fire Services Ordinance (Cap. 95) (the relevant Amendment Regulation at **Annex B**);
- (c) Dangerous Goods (General) Regulations (Cap. 295 sub. leg. B) made pursuant to the Dangerous Goods Ordinance (Cap. 295) (the relevant Amendment Regulation at **Annex C**); and
- (d) Timber Stores Regulation (Cap. 464 sub. leg. A) made pursuant to the Timber Stores Ordinance (Cap. 464) (the relevant Amendment Regulation at **Annex D**).

BACKGROUND AND ARGUMENT

3. Any person, company or firm may apply to the Director of Fire Services (D of FS) for registration as a fire service installation (FSI) contractor. Applicants have to pay the appropriate fees in accordance with the Second Schedule to the Fire Service (Installation Contractors) Regulations. These fees were last revised in July 2006.

4. Any person may apply to D of FS for a report on fire or other calamity attended by the Fire Services Department (FSD), and for certificates required for compliance with various enactments. Applicants have to pay the appropriate fees in accordance with the table in regulation 3 of the Fire Services Department (Reports and Certificates) Regulations. These fees were last revised in July 2006.

5. Any person who manufactures, stores or conveys dangerous goods is required to apply to D of FS for a licence. Fees are charged for the grant or renewal of, issue of a duplicate of, or making of an alteration or addition to, or endorsement on, a licence. Applicants have to pay the appropriate fees in accordance with the table in regulation 183 of the Dangerous Goods (General) Regulations. These fees were last revised in July 2006.

6. Any person who operates a timber store is required to apply to D of FS for a licence. Fees are charged for the grant, renewal, transfer, amendment and issue of a duplicate of a licence. Applicants have to pay the appropriate fees in accordance with the Schedule to the Timber Stores

Regulation. These fees were last revised in July 2006.

7. It is Government's established policy that fees for services charged by the Government should in general be set at levels adequate to recover the full cost of providing the services. The latest costing review at 2014-15 price level shows that the fees payable under the afore-mentioned Regulations are not adequate to recover the full cost of providing the services.

8. To alleviate the impact of the fee increases on the users of the services concerned, we propose to increase the concerned fees by 10% to 20% with a view to achieving full-cost recovery gradually in accordance with the government-wide general guidelines for the increases. Details of the fees and charges revision proposal are set out at **Annex E**.

THE REGULATIONS

9. The Amendment Regulations at **Annexes A to D** will give effect to the adjustments in fees as set out at **Annex E**. We propose that the new fees should come into effect on 28 November 2014.

EFFICIENCY INITIATIVES

10. FSD regularly reviews its day-to-day management and procedures with a view to reducing the cost of their services through implementing efficiency initiatives and streamlining procedures. Efficiency savings from these efforts have been factored into the calculation of the fees to be charged and costs incurred by FSD for the provision of its services.

BASIC LAW AND HUMAN RIGHTS IMPLICATIONS

11. The Amendment Regulations are in conformity with the Basic Law, including the provisions concerning human rights.

BINDING EFFECT OF THE LEGISLATION

12. The Amendment Regulations do not affect the current binding effect of the respective principal Ordinances and Regulations referred to in paragraph 2 above.

FINANCIAL AND STAFFING IMPLICATIONS

13. Additional revenue generated from the proposed fee revision is estimated to be about \$3.05 million per annum. There are no staffing implications.

ECONOMIC IMPLICATIONS

14. The fee increases are unlikely to have material impact on the operating costs of the business concerned. The overall economic impact is expected to be insignificant.

PUBLIC CONSULTATION

15. We issued a paper explaining the revision proposals for these fees to the Panel on Security of the Legislative Council on 18 March 2014. The Panel did not ask to discuss the proposed revision, and no views have been received from Members of the Panel.

PUBLICITY

16. The Amendment Regulations will be published in the Gazette on 4 July 2014. A spokesperson will be available to answer any enquiries on this subject.
