

在2015年7月22日的特別會議上
就議程項目I"公共租住屋邨食水樣本被發現含鉛過量"
通過的議案

近日有公共屋邨的食水被驗出含鉛量超標，直接影響居民健康，並令市民感到非常憂慮。雖然政府當局已擴大檢驗食水範圍至由2011年起落成的屋邨，惟各區居民仍然擔心屋邨食水未符標準。為釋除公眾疑慮，令居民可以安心用水，本委員會要求政府當局儘快全面為本港所有公共屋邨及資助房屋屋苑，包括近年經"全方位維修計劃"更換新喉的舊屋邨，進行食水檢驗工作，並為所有曾驗出食水含鉛量超標的屋邨(包括水泉澳邨)，用水車或其他有效方法提供清潔食水，直至維修正常供水系統完成為止。

Panel on Housing

Motion passed under agenda item I on "Excessive lead found in tap water samples from public rental housing estates" at the special meeting on 22 July 2015

Recently, tap water at some public housing estates was tested and found to contain excessive lead. Such an incident has direct impacts on the residents' health and has aroused serious public concern. Although the Administration has extended the coverage of water testing to include public housing estates completed since 2011, residents in various districts remain concerned that water at public housing estates is not up to standard. To address the public concern and enable the residents to feel at ease in using water, this Panel requests the Administration to conduct comprehensive water testing expeditiously for all the public housing estates and subsidized housing estates in the territory, including old housing estates where water pipes have been newly replaced under the "Total Maintenance Scheme" in recent years; and to use water wagons or other effective means to provide clean drinking water for housing estates where tap water has been found to contain excessive lead (including Shui Chuen O Estate), until repair works to restore the water supply system to normal have been completed.
