Central, Hong Kong
(Attn : Mr Daniel Sin)

Dear Mr Sin,

Finance Committee
Follow-up to Meeting on 22 May 2015
FCR(2015-16)11 and FCR(2015-16)12

At the first meeting of the Finance Committee held on 22 May 2015, the Chairman asked the Administration to provide information on the proportion of infrastructure projects that had cost over-run as compared to that among public building projects for members' reference. The required figures and interpretation are given below:

	From LegCo Year 2004/05 to 2013/14	Public Building (No.)	Infrastructure (No.)
(a)	Total number of approved projects	293	327
(b)	Total number of projects requiring increase in APE	31 (10.6%)	36 (11.0%)

/2...

The above information shows that in the last ten LegCo sessions, there is no significant difference in the percentage of projects requiring increase in APE for public building projects and that for infrastructure projects.

Yours sincerely,

(C K CHAN)

for Secretary for Development
